## Conference

---

The Hawaii Comprehensive Cancer Control Coalition partners conceived Journey Together, a cancer survivorship conference, to focus on issues important to cancer survivors and their caregivers. This year, keynote speakers will share their expertise on specific topics and attendees can meet, support, and share hope with others like themselves, as well as learn about services offered by various community and cancer organizations.

## Topics

---

*Finding Your Mindful Way*

**Discover Your Own Creativity**

**Eat, Drink, and Find Your Path to a Healthier Future**

**Keeping Fit for Survivorship**

## Keynote Speakers

---

**Kenny Kane**

From Caregiver to Advocate – Learn more about how Kenny went from being his father's caregiver in his teens to a cancer advocate in his 20's. Hear how Stupid Cancer proudly works on behalf of the 72,000 young adults diagnosed with cancer each year and provides a network of support for anyone affected by young adult cancer.

**Iwalani Evelyn Rae Walsh Wahinekapu Tseu**

Iwalani is the founder of the Iwalani Foundation. She is a mother of three daughters, a Hawaiian Cultural Specialist, and a teacher of hula. She was diagnosed with aggressive stage III breast cancer and after surgery and radiation treatments, she realized that she and many other women in Hawaii were unaware of facts related to the many types of breast cancer especially amongst Hawaiian and other ethnic groups.
