

Cancer Insurance Checklist

HOW THIS CHECKLIST CAN HELP

The Cancer Insurance Checklist is designed to help you compare insurance plans and consider your health needs when shopping for insurance in your state's [Health Insurance Marketplace/Exchange](#).

The Checklist is a useful guide to help you find a plan that will meet your needs. You may not need all of the treatments in the Checklist, and there may be other treatments, costs or aspects of your care that you need to consider.

WHEN TO USE THE CHECKLIST:

- If you have cancer, a history of cancer, or are at risk for cancer
- When evaluating insurance plans
- When discussing your insurance needs with your [navigator](#) or Marketplace/Exchange representative
- When discussing your cancer care needs with your health care provider

Fill in the following worksheets for each insurance plan you are considering. By doing so, you will be able to tell which insurance plan best fits your needs and your budget.
