Please be assured that we do not currently anticipate any delays in being able to deliver our oncology medicines to patients and will continue to closely monitor the situation as it evolves. We have also been in touch with specialty pharmacies in our network and confirmed their ability to supply medications to patients.

I also want to take the opportunity to remind you of Takeda's patient support services program, Takeda Oncology 1Point, which is a comprehensive program committed to helping patients taking Takeda Oncology medicines navigate coverage requirements, identify available financial assistance and connect with helpful resources throughout their treatment. In addition to the financial assistance programs, Takeda Oncology 1Point case managers can provide patients with information about additional resources that may assist with the day-to-day support they need, including:

- Assistance with treatment-related expenses (transportation support, legal services, etc.)
- Education about their treatment
- Connections to local and national advocacy groups
- Access to counseling or emotional support
