

Every patient with ovarian cancer should be offered testing aimed at informing targeted therapeutic decisions.

This is a quick-reference, non-exhaustive guide to some of the germline and somatic testing options available for patients with ovarian cancer.

Society of Gynecologic Oncology

Association of Community Cancer Centers

Society of Gynecologic Oncology (SGO) and the Association of Community Cancer Centers (ACCC) have been awarded a joint independent medical education grant from AstraZeneca and Merck to collaborate on an educational pipeline of topics specific to the provision of personalized medicine.

Lab	Test Type	Specimen	Insurance/Billing	Genetic Counseling	Contact
Ambry	Germline: • Single-Gene • Multi-Gene	Blood (Germline)	<ul style="list-style-type: none"> • Insurance billing available • \$249 self-pay • Financial assistance program: ambrygen.com/PAP 	Third-party available pre- and post-test	Billing: 949-900-5795 Client Services: 949-900-5500 https://www.ambrygen.com/
	Somatic: N/A	Saliva (Germline): • Self-collect container			
Invitae	Germline: • Single-Gene • Multi-Gene	Blood (Germline)	<ul style="list-style-type: none"> • Insurance billing available • \$250 self-pay • Financial assistance program: https://tinyurl.com/4m644ujd 	Comprehensive session available, no extra \$ (800-436-3037, M-F 5A-5P Pacific)	800-436-3037 https://www.invitae.com/en
	Somatic: N/A	Saliva (Germline): • Self-collect container			
Tempus	Germline: • Multi-Gene (incidental to somatic)	Blood (ctDNA)	<ul style="list-style-type: none"> • Insurance billing available • \$649 self-pay • Financial assistance program: https://tinyurl.com/4m644ujd access.tempus.com 	N/A	800-739-4137 https://www.tempus.com/
	Somatic: • Genome-wide LOH Score • 18 HRR Gene NGS • ctDNA	Specimen: • 1 FFPE block, optional H&E slide • 10 unstained FFPE slides, one germline H&E stained slide			
Myriad	Germline: • Single-Gene • Multi-Gene	Blood (Germline) Saliva (Germline): • Self-collect container	<ul style="list-style-type: none"> • Insurance billing available • Financial assistance program: https://tinyurl.com/62ehnd3w 	Patient education team (Board-certified genetic counselors) is available for pre- and post-test education.	800-469-7423 https://myriad.com/
	Somatic: • BRCA1/2 • HRD Score	Specimen (Somatic): • FFPE			
FoundationOne	Somatic: • 324 gene NGS • MSI, TMB, LOH	Specimen (Somatic): • 1 FFPE block + 1 H&E slide OR • 10 unstained slides + 1 H&E slide	<ul style="list-style-type: none"> • Insurance billing available • Financial assistance program: https://aid.foundationmedicine.com/ 	N/A	888-988-3639 www.foundationmedicine.com
Caris	Somatic biomarker analysis: 719 gene NGS, MSI, LOH, TMB; including WES and WTS (no single gene or hot spot testing)	Fresh and archived (slides or FFPE blocks)	<ul style="list-style-type: none"> • Financial assistance program • Compassionate Care program • Payment plans 	Caris Life Sciences has genetic counselors; however, Caris tumor profiling provides results on somatic testing and is not intended to be used for germline testing.	Customer Support: 888-979-8669 www.carislifesciences.com
Color	Germline multigene 30 genes	Blood (Germline): • Blood test kit Saliva (Germline): • Self-collect container	• \$259 self-pay	Consultation with a board-certified Color genetic counselor, no extra fee	844-352-6567 providers@color.com
