

Important Information for Patients and Healthcare Providers

Coronavirus (COVID-19) and Eisai Medicines

During the coronavirus outbreak, Eisai Inc. is monitoring our global supply chain resources to safeguard an adequate supply of our medicines. There are no issues with the supply of materials or their source and we do not anticipate any issues in the future as COVID-19 continues to expand.

If you are taking our medications, please always consult with your doctor. If you have additional questions please contact us at:

Eisai Medical Information:
